

Oliver Kirkham

I purchased an apartment at Winterthur Way in 2007 and have been an owner-occupier Leaseholder since this date.

I am a long-haul Cabin Crew Manager based at Heathrow Airport, managing a large team of cabin crew on the A380 and B787 aircraft, operating routes to Asia and Australia. My role requires customer service, safety related and human resource duties.

At the start of 2021 I took the opportunity to join the VHMC Board and offer my perspective as an owner occupier to ensure that Winterthur Way estate remains an attractive place to live. I have proactively assisted the Board with their efforts, for the goodwill of all lease holders, to maintain the estate and will contribute to future projects at Winterthur Way.
